

CITY OF MASON

NOTICE OF WATER AND SEWER RATE INCREASE

EFFECTIVE JULY 1, 2014

The City of Mason recently had a professional “cost of service” analysis completed for the Water and Sewer Fund for the purpose of determining water and sewer rates. The result of the study is an overall increase of **15.8%**. The primary factors influencing the rate increase include major infrastructure improvements due to increased regulations imposed on the City, as well as, the rising cost of operations and maintenance necessary to operate the Water and Sewer Funds. Please contact the City Hall at 517-676-9155 if you have further questions.
