

## NOTICE OF 2016 MASON STREETS RECONSTRUCTION UPDATE

The City of Mason will begin reconstruction on the following streets in the coming months:

- Park Street and Oak Street on Wednesday, August 3, with completion the week of September 10 (Park will be closed from Ash to Oak and Oak will be closed from Park to Jefferson; the alley from Jefferson to Park will be closed to through traffic)

**PLEASE NOTE:** All construction dates depend on the weather.

During construction you will be able to get to your driveway most of the time – occasionally a drive may be blocked for a few hours or possibly overnight. We will try to avoid this as much as possible.

The project includes a new water main on Oak Street and Park Street. When we switch services over for the new water mains, you will have an interruption of – normally – an hour or two. We will try to coordinate with each of you individually when that time comes.

Emergency vehicle access will be available at all times. Also the City's Inspector will be on the job and visible almost all of the time.

Construction is noisy, dusty, and very inconvenient. We will do our best to keep the inconvenience to a minimum. This is a good time to reach out and help your neighbor when necessary. Such things as trip-sharing, carrying groceries, sharing a driveway mean a lot.

Thank you for your patience and understanding. For questions, please contact:

Deborah Stuart, City Administrator (517-676-5242; [deborahs@mason.mi.us](mailto:deborahs@mason.mi.us))
